

## CURRICULUM VITAE

**Prof. AYMAN SOLIMAN HASSAN AGUIB**

أ.د. أيمن سليمان حسن عجيب

### **EDUCATION** :

- PH.D. in Civil Engineering, THE OHIO STATE UNIVERSITY, U.S.A., June 1989. ( Surveying, Remote Sensing & Water Resources ).
- M.SC. in Civil Engineering, AIN SHAMS UNIVERSITY, CAIRO, EGYPT, 1982. ( Geodesy ).
- B.SC. in Civil Engineering, AIN SHAMS UNIVERSITY, CAIRO, EGYPT 1975. ( Public Works ).

### **PROFESSIONAL WORK** :

- 2017 – present - Professor at Civil Engineering Department , The Higher Institute of Engineering, El Shorouk City, Egypt.
- 2008 – 2016 - Deputy Manager and Business Developer at Mshary AlShathry consultant office in Riyadh, Saudi Arabia.
- 2009- 2014 - Professor in the Civil Engineering Department , College of Engineering, King Saud University, Kingdom of Saudi Arabia.
- 2009-2014 - Consultant at King Abdullah Institute for Consultations at KSU.
- 2000 –2009 - Associate Professor in the Civil Engineering Department, Ain Shams University in Cairo.
- 1989 - 2000 - Assistant Professor in the Civil Engineering Department, Ain Shams University in Cairo.
  - Photogrammetry**; (principles, computations, analytical stereoplotting, digital map production).
  - Bachelor Project** (Ground Surveying and GIS Data Set Up).
  - Remote Sensing**; (principles, photo interpretation, image processing, qualitative and quantitative applications and Analysis).
- 1989-1997 -Lecturer for graduate courses in **Surveying, Remote Sensing, Photo Interpretation** and **GIS** in the Institute of Environmental Research and Studies, in Shams University, Cairo.
  - Consultant Engineer in Surveying and Mapping, and owner of The Scientific Office for Computer Aided Design and Engineering Consultations (CADEC-A), in Cairo.
- 1995-1997 -Consultant Engineer for Data Management and Mapping for GIS and Mapping Laboratory in the RNPDI Project with SNC-Lavalin Canada, project Funded by Canadian International Development Agency CIDA.
  - Surveying and Field Data Manager for the Development of GIS system for the Egyptian Red Sea Coastal and Marine Resource Management Project, Funded from The Global Environment Trust Fund, The International Bank For Reconstruction and Development.

- 1990-1997      -Consultant Engineer for the National Water Research Center, the Nile Research Institute (NRI) in The Ministry of Public Works and Water Resources of Egypt.  
 -Consultant Engineer for Remote Sensing and Environmental Services CENTER, in Cairo.
- 1982-1989      -Assistant Lecturer in the Civil Engineering Department, Ain Shams University.
- 1982-1983      -Surveying Coordination Engineer for the American British Consultants in Cairo (AMBRIC).
- 1978-1981      -Surveying Engineer for the Egyptian Building Systems Company in Cairo (EBS).

### **PROFESSIONAL EXPERIENCE & RESEARCH**

- Deputy Manager for Public Transport feasibility Study and preliminary Design for Dammam Province, Saudi Arabia, within Mshary Consultant and Royal HaskoningDHV (Netherland).
- Deputy manager at Mshary Consultant Office in Riyadh
- Authorized consultant engineer for surveying and mapping with the Egyptian Syndicate of Engineers.
- Principal Investigator for research project titled “Developing a Precise Gravimetry System for Mapping Ground Water Table Variation in Saudi Arabia” for National Program for Science and Technology Transfer NPST, Of KSU, 20012 – 2014
- Co- Investigator in research project titled “Development of Dynamic Computerized Noise Pollution Maps for Riyadh City” for National Program for Science and Technology Transfer NPST, Of KSU, 20012 – 2014.
- Co – Investigator in research project titled “Noise Mapping For Riyadh City (Area Between The First And The Second Ring Roads) King Abdulaziz City for Science and Technology General Directorate of Research Grants Program, 2009-2011
- Principal Investigator for research Project Titled “Application of Remote Sensing and GIS for Locating Suitable Mangrove Plantation Sites Along the Saudi Arabian Red Sea Coast” for National Program for Science and Technology Transfer, Of KSU, 2009 – 2011.
- Co-Investigator in Research Project Titled "Noise Mapping of Riyadh City-area Enclosed by Ring Roads" for King Abdul Aziz City for Science and Technology KACST, 2007-2009.
- Proposal for the Development of Engineering Education Project supported by the AID, to establishing a GIS Laboratory and Courses in the Public Works Department at the Faculty of engineering, Ain Shams University, 2008
- Hardware and Software Recruitment, and Courses Syllabuses assistance for GIS Diploma at The Geographic Department at Ain Shams University 2007
- Assisting in research done for the South Florida Water Management District to study the water quality of lake Okeechobee using satellite TM and AVHRR images, with Prof. Douglas Way from the Ohio State University.
- Supervisor for Master Degree Studies Titled:  
 "Evaluation of the Current Egyptian Geodetic Surveying and Mapping Framework Towards The Establishment of National Unified Specifications".  
 "Environmental Study on The Nile Secondary Channels (khors) Between Beni-Suef and the Delta Barrage".

- Aguib A., 1983, "Precise Leveling" Unpublished M.sc. Thesis, Faculty of Engineering, Ain Shams University.
- Aguib A., M. Nassar, and S. Soliman, 1983, " Actual Gravity Field and Orthometric Heights in Egypt", Civil Engineering Bulletin of the Faculty of Engineering, Al Azhar University, Cairo, Egypt.
- Aguib A., Nassar M., and S. Soliman, 1983, " Pilot Application of Actual Gravity Correction To The Orthometric Heights Used In Egypt", United Nations Fifth Regional Cartographic Conference for Africa, Mar., 1983, Cairo Egypt.

#### **PROFESSIONAL WORKS:**

- Manual preparation for land and hydrographic surveying field work for the Nile River under the RNPDI Project supported by CIDA.
  - Ground surveying, contour mapping and setting out of several engineering projects (national and international: CADEC-A C.V).
  - Automated Cartography and mapping set up for GIS applications and map production for the eastern region of Saudi Arabia.
- Dissertation research in the area of water resources and remote sensing titled "A Technique For Sediment Process Calculation In Aswan Reservoir Using A Hydrodynamic Model And Remote Sensing Data"
- Graduate course studies in Civil Engineering Dep, Ohio State University in terrain analysis, photo interpretation, quantitative remote sensing, stream sanitation, transport phenomena in water resources engineering, sediment transport and engineering numerical models in water resources, water resources engineering applications of remote sensing, and cartography.
- Experience in working with ERDAS IMAGINE for image processing of remote sensing data analysis and image processing application using MultiSpectral Scanner images; MSS, Thematic Mapper TM Advanced Very High Resolution Radiometer AVHRR, and other.
- M.Sc. Thesis in Geodesy titled "Precise Leveling", Ain Shams University, Cairo, Egypt.
- Coordinator of the surveying groups worked in the Greater Cairo Waste Water Project for the American British Consultants (AMBRIC) in Cairo.

#### **AWARDS**

- The Honor Degree in B.Sc Ain Shams University.
- Peace Fellowship for two years 1983,1984 for Ph.D. study in The U.S.A.

- Governmental Mission for Completion of the Ph.D. Study in the U.S.A. 1985 - 1989.
- Teaching Skills Workshop Certificate, Ain Shams University, 1989.
- Support For Environmental Assessment and Management Training Certificate, by ENTEC 1995.

**MEMBERSHIP** :

- Member of Egyptian Society of Civil Engineers
- Member of the Egyptian Syndicate of Engineers.

**PERSONAL**

**NATIONALITY** : Egyptian.

**DATE OF BIRTH** : December 15, 1953.

**LANGUAGE** : Arabic , English,
