

Curriculum Vitae

Personal Information

Name : Nagy Abdel Hamid El Mahallawy

Current Position: Ass.Prof. of soil mechanics in Shorouk
Academy

Contact address: Civil engineering Department, Higher Institute for Engineering
shorouk Academy, EL Shorouk city, Cairo

Marital Status: Married

Telephone: +20222913218/+201001518054

E-mail : CEDC_ENG@yahoo.com

Address: 16 Hassan Sadek street, Heliopolis

Language Skills: Arabic (mother tongue)

English (excellent)

French (excellent)

Qualification:

*Ph D. Soil Mechanics –Faculty of Engineering,Al Azhar University 1999

*Master, Soil Mechanics – Faculty ofEngineering,Al Azhar university,1988

*B.Sc. Faculty of Engineering(Ain Shams university)

Professional Experience:

Ass.Prof. of soil mechanics & foundationin Shorouk Academy,since 2007 till now

Lecturer of soil mechanics & foundation,Al Azhar University,Qena branch, 2002 - 2006

Member of the Egyptian Society of Geotechnique

Computer Knowledge/Experience:

Microsoft Windows,Microsoft Power point, Excel, Internet.Print Artist ,paint Shop ,Smart Draw ,Microsoft internet Explorer.

Recent conferences:

-Al Azhar Engineering Thirteenth International Conference,2014

-Eighth International Scientific Conference Environment, Development, and Bio-informatics,Al _Azhar University,2012

-6thConference in Engineering Arbitration,2011,Egyptian Engineering Syndicate

- The 17th International Conference on Soil Mechanics and Geotechnical Engineering ,Alexandria,2009.
- Eleventh International Structural and Geotechnical Engineering,Ain Shams University ,2005
- The Fifth International Geotechnical Engineering Conference, Cairo University,2005.
- International Conference On Structural and Geotechnical Engineering and Construction Technology Mansoura University,2004
- Fifth Alexandria International Conference on Structural and Geotechnical Engineering ,Alexandria University,2003
- Tenth International Structural and Geotechnical Engineering,Ain Shams University ,2003

Training courses

Preparing arbitrators in construction contracts

Real estate appraisers

Unified engineering contracts and arbitration

Publications:

***Nagy El Mahallawy,1988** “Effect of Macrobacric of Soil on Permeability in both Directions”M.Sc Thesis in Soil Mechanics

***Nagy El Mahallawy,1988** “Treatment of Expansive Soil using Reinforcing Elements” Ph.D.Thesis in Soil Mechanics

*Yousry Moafy,**Nagy El Mahallawy**,2001“Effect of Reinforced Sand Cushion on Behaviour of Expansive Soil Using Large Scale Apparatus”.

*Yousry Moafy,**Nagy El Mahallawy**,2001 “Improvement ofSwelling Soil Behaviour Using Reinforcement Elements”.

*Yousry Moafy,**Nagy El Mahallawy**,2004 “Effect of Randomly Distributed Elements On The Behavior Of Soil Reinforcement ”.

***Nagy El Mahallawy**,Ahmad Saad2011 “Evaluation Of Rock Properties Using Reinforcement At Qattameya And EL-Sheikh Zayed Regions”.

***Nagy El Mahallawy**,2011 “Modification of clayey Soils Using Composite of Geotextile and Synthetic Fibers”.

***Nagy El Mahallawy**,2011 “Improvement of Clayey Soils Using Synthetic Fibers”.

***Nagy El Mahallawy**,2012 “Improvement of soft soils using reinforced sand over stone columns”.

***Nagy El Mahallawy**,Ahmad Rashed2012 “Experimental study for the behaviour of footingson reinforced sand beds overlying soft clay zone”.

***Nagy El Mahallawy**,Ahmad Rashed,2012 “Effect of lime- fiber column on cohesive soils”.
